AI and Digital Learning Support

Frequently Asked Questions · https://www.pshsa.ca/help-centre/ai-and-digital-learning-support/

What is Intelligent Safety?

Intelligent Safety is PSHSA’s approach to using modern learning, data-informed tools, digital products, and expert support to help workplaces apply health and safety knowledge more effectively, strengthen prevention, and make practical improvements to worker health, safety, and wellbeing.

Explore Intelligent Safety.

What is All Day TA?

All Day TA is an AI teaching assistant integrated into a few courses offered by PSHSA to enhance learning by helping participants apply knowledge, build confidence, and navigate real-world health and safety scenarios during their training. All Day TA acts as a teacher's assistant in virtual instructor-led sessions, allowing learners to ask it questions directly.
