

Your Health. Your Safety. Our Commitment.

## **PSHSA Youth Advisory Council**

Public Services Health & Safety Association is announcing the launch of the Youth Advisory Council in the Public Services sectors. The Youth Advisory Council will educate, inform and guide PSHSA in communications and product development efforts for youth as we move forward in building awareness with vulnerable workers. The Youth Advisory Council will consist of representatives who are recent post-secondary graduates working in Healthcare, Education, Government and Emergency Services.

Meetings for the Youth Advisory Council will be held three times per year. In order to maintain membership, members must attend more than 50% of the scheduled meetings per calendar year. The term of office for a council member is three years.

If you are a young worker or a recent graduate from a post-secondary program, and are interested in joining the council, please submit the following application to Réanne Belisle: [rbelisle@pshsa.ca](mailto:rbelisle@pshsa.ca) with the subject line "Youth Advisory Council Application"

Applications are being accepted from May 8, 2017 to September 15, 2017.

Your Health. Your Safety. Our Commitment.
